

October news letter Green Room

Dear parents,

Last month we had a blast, we learned all about how to be safe, kind, and responsible while learning our shapes and how to draw them! The kids loved learning and memorizing these shapes. They also loved the lessons around being safe, kind, and responsible. I think the one rule around being safe that really stuck with them was “Never talk to strangers” !

This month we will be focusing on different shapes and getting into the alphabet. We will be learning the letter A and B, while learning how to trace them and know what words start with those letters! Letter recognition is super important for a growing mind so we will also be trying to recognize the first letters of our first name! We are nearing Halloween, and we will be doing all sorts of fun fall/Halloween activities too!

We will be hosting a Halloween party October 29th, at 3:30 Pm. And we will have a sign up sheet outside our room for parents to bring some goodies for the party! That Friday we will dress up in our costumes so everyone can see how great the costumes are, and we will have movie too. I know that most of our children are not here on Friday's, so if you and your child would like to come for the party at 3:30 please do, the more the scarier! We encourage all parents to come so if you can please do!

If you have any questions

please feel free to ask!

Love,

Miss Josie
Mrs. Summer
